

# Oklahoma State University Policy and Procedures

**PRESENTATIONS TO THE BOARD OF REGENTS BY  
REPRESENTATIVES OF THE CAMPUS COMMUNITY**

**1-0102  
GENERAL  
UNIVERSITY  
JANUARY 7, 1970**

## **POLICY**

1.01 The Board of Regents for the Oklahoma Agricultural and Mechanical Colleges is vitally interested in all aspects of the Oklahoma State University, both within classrooms and laboratories and in extra curricular areas. It intends to keep well informed about problems, activities, and progress in all areas. To this end it can use reporting and ideas from a responsible student newspaper and other written media, as well as official minutes and reports from faculty and student groups. However, the Board will continue to look to the President of this University for official reporting on its activities, problems, and progress.

1.02 The Board of Regents is pleased that the President has regularly involved fellow administrators, faculty, and students in his presentations in the past and believes the practice has merit since it can involve more of the total resources of the University.

## **PROCEDURE**

2.01 The Board of Regents will continue to look to the President for decision relative to matters to be brought before it. Accordingly, those of the University faculty, staff, and student body desiring to present matters to the Board are asked to work through established administrative channels.
